Capabilities That Enable Service Heroes

Engage Your Customers

Omnichannel Engagement

Improve customer satisfaction connecting on customer terms and providing service wherever your customers require it by offering voice, chat, email, or self-service capabilities.

Self-Service

Decrease caseload and resolve issues faster with Sugar's Self-Service. Customers can easily search your knowledge base, get questions answered instantly and open cases for extra assistance.

Empower Your Employees

Service Agent Console

Empower your service agents to be more productive and resolve cases with less hunting and searching for information with an easy to use and intuitive workplace.

Reports and Dashboards

Sugar reports and dashboards are built to give you the most accurate, up-to-date insights, and support cases metrics. Monitor customer service key performance indicators, and track changes in real time.

Better Together with Sugar

Sugar Serve shares a common data platform with Sugar Sell product. With both solutions working together enables a truly understanding of customers across sales and service, providing a single, comprehensive view of customer history and engagement.

About SugarCRM

SugarCRM helps sales teams reach their highest potential. Companies choose SugarCRM to cut through complexity, prioritize opportunities, and increase upsell using the resources they already have. SugarCRM is ideal for complex, relationship-driven industries - such as manufacturing, wholesale and distribution - looking to accelerate growth and drive smarter decision-making.
